

## Music at ChildLight

We are so pleased Melissa Waterhouse will be joining us again at ChildLight. Melissa offers violin lessons to our students, their siblings and friends.

Attached please find information regarding the violin program Melissa has developed for our school. Please note that Melissa will only be at the school one or two days each week. (Days will be determined in August.) We hope that enough lesson time slots are available to accommodate all children interested in participating in the music program.

Don't hesitate to call us with any questions.
